# Nimbus vendor security questionnaire - October 2026

Document: questionnaire-202610 | Issued: 2026-10-10

## Q12. Customer data and backups

Respondent: Nimbus Support security owner (synthetic). Signed 10 October 2026. Buyer: Aster Finance. Service: Customer Support Platform. Environment: production. Answers apply throughout October 2026.

For October 2026, all production customer data and all production customer-data backups for Aster Finance's Customer Support Platform are stored only in India.

This answer includes all disaster-recovery replicas, archived customer snapshots and temporary recovery copies. No offshore customer-data backup location is declared.

Declared regions: Mumbai (asia-south1) and Delhi (asia-south2). Supporting inventory reference: Backup inventory release INV-2026-10.

# Nimbus vendor security questionnaire - October 2026

Document: questionnaire-202610 | Issued: 2026-10-10

## Q18-Q20. Evidence references

Privileged access: completed October review provided separately as access-review-202610. Incident notification: signed service addendum requires notice within 12 hours.

The request for completed deletion evidence DEL-2026-041 remains open. A retention schedule describes intended periods but is not an execution certificate.

The January 2025 questionnaire is retired. This signed October 2026 response replaces it for the current production service.
