Completed privileged access review

Document: access-review-202610 | Issued: 2026-10-09

Review completion and approval

Review AR-2026-10 covers Nimbus Support's Customer Support Platform production service for Aster Finance, including database, backup operations and platform administration roles.

On 8 October 2026, the service owner reviewed all 12 privileged production accounts, retained 11 and revoked one dormant account; the security approver signed the completed review on 9 October 2026.

Revoked account: svc-legacy-export. Revocation completed 8 October 2026 at 14:22 UTC. Retained accounts: 4 database administrators, 3 infrastructure operators, 2 incident responders and 2 approved service identities.

Evidence attached in this synthetic record: entitlement snapshot AR-SNAPSHOT-08 and revocation ticket ACC-189. Review owner and security approver are fictional role holders.
