Service ticket - attachment preview

Document: scale-service_tickets-06 | Issued: 2026-10-08

Record scope and evidence

Buyer: Aster Finance. Vendor: Nimbus Support. Service: Customer Support Platform. Environment: production. Relevant period: 2026-10.

Ticket OPS-406 reports attachment preview in Aster Finance's Customer Support Platform production tenant on 8 October 2026. Severity: S2.

Service restored after 65 minutes by applying a configuration correction. The incident coordinator recorded no confirmed customer-data exposure in this synthetic ticket.

This ticket is operational context, not a signed incident notification obligation. It does not attest to backup geography or deletion completion. A normal service ticket is not proof that all security controls are met.
