Record scope and evidence

Buyer: Aster Finance. Vendor: Nimbus Support. Service: Customer Support Platform. Environment: staging. Relevant period: 2026-10.

STAGE-DEL-006 concerns Nimbus Support's Customer Support Platform staging environment. Synthetic test tenant TEST-06 contains fabricated customer records only.

On 8 October 2026, staging operations deleted 600 fabricated records from a Singapore staging store and signed the test completion receipt.

This is a staging test, not a production deletion or production location record. It cannot satisfy production request DEL-2026-041 and is not evidence that live primary customer storage is outside India.
